### **St Cedd's & Southminster Church of England Schools**

23<sup>rd</sup> July 2019

Swimming pool – update.

After months of consideration and seeking the best solution to the running of the swimming pool we are now able to confirm that SW Swimming have been asked to continue with running their programme (see below) under the management of the school. They will also be providing swimming for all the children at both Southminster and St Cedd's schools in the afternoons. If possible they might be able to provide some additional lessons when appropriate.

We appreciate your patience as we listened to the many who contacted the school and the Vine Trust, as well as undertaking the necessary negotiations and conversations to ensure the future is provided for under the best possible arrangement. It is now clear that SW Swimming will, with some changes to pool management, provide the best service.

The programme will be more or less as set out in the attachments. During the new term there may well be some enhancements which will be communicated with you then.

We wish you many hours of happy swimming in the future.

Mike Simmonds  
Chair, Vine Dengie Local Board
